**Day 1** **Arrival in Alice Springs**  
(domestic airfare not included)

After arrival in Alice Springs make your way to your hotel.

○ **Accommodation: Crowne Plaza Lasseters (2 nights)**

**Day 2** **Alice Springs**

Breakfast at hotel.

This morning meet your experienced tour guide and commence the day with a town tour in Alice Springs. Visit the **Royal Flying Doctor Service** and discover how vital it was and remains in providing medical care to outback Australians. The service's Alice Springs base commenced operation in 1939 and is a key player in delivering 24/7 medical care to remote towns and farms.

Next we visit the **Old Telegraph Station**, the birthplace of the Alice Springs township. This historic museum precinct tells the story of how Australia, in 1871, became connected to the rest of the world.

After this we stop to enjoy the panoramic views over The Alice and the beautiful surrounding ranges from Anzac Hill.

Lunch at a local restaurant included.

Sitting at the base of the spectacular West MacDonnell Ranges, **Alice Springs Desert Park** is closely connected to the local Arrernte people and embraces parts of their Akngwelye and Yeperenye Altyerre (Wild Dog and Caterpillar) dreaming stories. The history of the Arrernte people, together with the plants and animals they are responsible for, are told through the interpretation and creation of three distinct desert habitats within the park – Desert Rivers, Sand Country and Woodland. These habitats allow visitors to experience desert life as it really is.

In the late afternoon we'll visit **The Kangaroo Sanctuary**, a place to celebrate the beauty of Big Red – an Australian icon. On a guided sunset tour you'll take a leisurely walk through the Sanctuary's 188-acre wildlife reserve where you might meet the kangaroo characters from *Kangaroo Dundee* (a BBC/ Nat Geo series) and many others.

Return to your hotel early evening.

### Day 3 Alice Springs – Glen Helen Gorge

Breakfast at hotel.

Meet your experienced tour guide and depart for the **West MacDonnell Ranges**.

First stop at **Simpsons Gap** where, with a bit of luck, we will spot one of the black-footed rock-wallabies that inhabit the area around the permanent waterhole. Later visit **Standley Chasm**. Known traditionally as Angkerle Atwatye, is an important cultural place of Indigenous Australia and sacred to women's dreaming of the Arrernte people.

After a self guided walk enjoy a BBQ lunch at the Café.

The journey continues to **Ellery Creek Big Hole**. Rugged cliffs surround this tranquil gorge, a popular site for swimming on hot days. Bring your swimmers and enjoy a refreshing dip. Before arriving at our destination for the day we will visit one more spectacular site. **Ormiston Gorge** is a great place to see the towering red walls of the gorge and pound, and an interesting variety of native animals and plants, including a number of relict plant species from Central Australia's tropical past. There is also a permanent waterhole for you to take a cool dip and several short walks inviting you to stretch your legs.

This afternoon we arrive at Glen Helen Lodge, your accommodation for the next two nights.

Dinner at the lodge this evening.

### Day 4 Glen Helen Gorge

Breakfast at the lodge.

The landscape around **Glen Helen** is spectacular – a towering sandstone wall is the first thing you see as you arrive. The area includes views of Mount Sonder, one of the highest points in Central Australia, which changes colours with the light.

At **Glen Helen Gorge**, the ranges part to make way for the Finke River. This permanent waterhole is an important refuge in the hot summer months, for all nine species of fish recorded for the Finke, as well as migrating waterbirds. From here the Finke River makes its way on to the Simpson Desert. The area's traditional owners believe that this inviting swimming spot is the home of an ancient and powerful Rainbow Serpent, and regard it as off limits.

### Day 5 Glen Helen – Hermannsburg – Palm Valley – Kings Canyon

Breakfast at the lodge.

This morning we depart for **Hermannsburg** along the unpaved Mereenie Loop Road.

The Aboriginal settlement of Hermannsburg is famous as the home of Aboriginal landscape watercolour artist Albert Namatjira. Explore the buildings of the restored historic town and see work by local artists. Wander around the National Trust-listed Hermannsburg Historic Precinct – a series of historic German-style whitewashed buildings that were constructed when the mission was established. The historic precinct is shaded by river red gums and old date palms. Among the low, stone buildings are a church, a school and various houses and outbuildings. The buildings have been restored to their original 19th-century condition and now house the Kata Anga Tea Rooms, a museum and the Namatjira Gallery, which displays original paintings by the artist and works by the acclaimed Hermannsburg Potters.

Your next stop is **Palm Valley**, located within **Finke Gorge National Park**, it's one of the most impressive places in central Australia (subject to road conditions).

Palm Valley is a maze of sandstone amphitheatres, pinnacles and gorges and is home to the red cabbage palm after which the valley is named.

This particular species of palm is only found in this area and there are only about 3000 adult plants. The entire park contains a diverse range of other plant species, many of which are rare and unique to the area.

Enjoy a walk within the park to some spectacular lookouts.

After lunch we continue on to Kings Canyon (Watarrka), and later in the afternoon, **Kings Creek Station**. The station, set amongst majestic desert oaks, is a working cattle/camel station. Some 36 documentaries have been filmed at Kings Creek and the station hosted Australian Geographic's fourth ever expedition!

Enjoy a self-cook BBQ for dinner tonight.
